Sounds good Jim. We will get it set up.

Chase,

Meeting on 11/21 in Detroit will work. Typically Jeff and I fly in that morning, so we should be able to start the meeting by 10:15 am eastern and can probably go until 3:30 or 4.

I think my team can make an all-day meeting on the 21st.

I assume with the smaller audience we would only cover A1 FS and possibly A2 ASTM. I am willing to tag on more if we can find the time and people.

Patty cannot travel the week of Nov 18 but could the week of Dec 2. If it is a smaller meeting we

might be able to patch Patty in by phone.

I was able to resolve the other conflict and can make the week of Nov 18. Frank can also make it, just waiting to hear from Patty.

If Chase and his team can make it I suggest we try to lock it in.

Thanks JK

Ok. Lets wait and see if Jeff, Patty and Frank are available as well as Chase and his team the week of 11/18. So keep your team on hold for that week until we hear back from Jeff and Chase.

I hear you. I have a small team, not bringing a "group" so it is conflicts with Kern, King, and Bradley for the week of 11/4.

Wow. Thanksgiving week I am sure will have lots of conflicts as well as travel problems, so we would be looking at the week of Dec. 2nd. Paul, any way we could break this up into a couple meetings? For example, for the discussion on the Area 1 FS we really need you, Kern and King. For Area 2 and Area 3 issues, I am not sure who you need present. My primary concern is being able to get together to discuss the Area 1 FS comments.

I have a tentative conflict the 19th through 21.

The week of 11/11 will not work for me. I am available 11/18 to 11/20. So, looks like everyone should check their schedules for the week of 11/18.

Chase,

You had thrown out 11/5 and 6 as possible replacement dates for our face to face. Those dates are not working for my team. Looks like the week of 11/11 is looking good. I will get you good dates for us, but wanted to quickly give you a heads up.
